Bangor Area School District Board of Directors Recognition Month

By BASD

BANGOR - January is designated as School Director Recognition Month to recognize the Bangor Area School Board's commitment to the students, staff, and schools within our community. Pennsylvania public schools educate nearly 2 million students with approximately 3,000 students in the Bangor Area School District. The nine members of the school board are a vital part of the district's administrative team, making informed decisions that greatly influence our schools and provide a pathway to success for all students.

Public School Directors are unpaid and devote countless hours to the challenging and complex responsibilities of board business, including policy adoption, voting on budgets, conducting comprehensive planning and reviewing hiring decisions. Their role has become more challenging as a result of the pandemic and related issues which impact the well being of our students and families. It is crucial that boards engage in actions that increase their effectiveness for the betterment of the students in their community. The Bangor Area School District Administration extends our sincere gratitude to the following members of the 2022-2023 Bangor Area School District Board of Directors

Mr. Michael Goffredo
