

# SUPPLY CHAIN SECURITY AND RESILIENCE ACT

“Addressing supply chain vulnerabilities means strengthening domestic manufacturing capabilities – keeping us competitive with China and investing in good-paying jobs here at home. I’m proud to join my colleagues in advancing this important legislation to strengthen America’s economic and national security and to reaffirm our commitment to American workers.”

## Rep. Wild Introduces Legislation to Strengthen American Supply Chains, Invest in Domestic Manufacturing

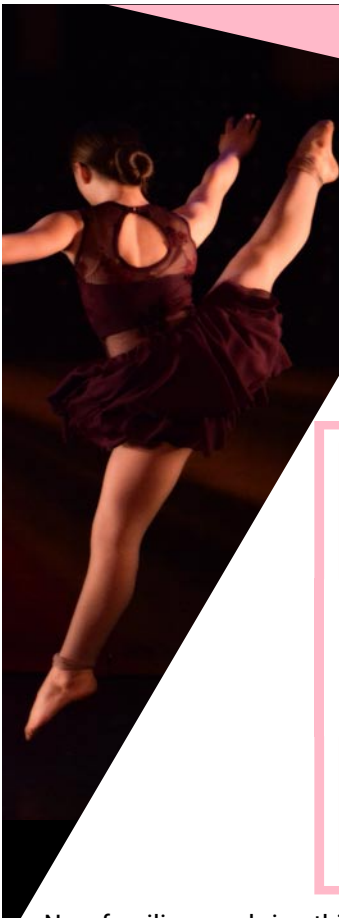

By Congresswoman Wild

EASTON - I'm very proud to have introduced the Supply Chain Security and Resilience Act this week. This bill is a part of a larger package of legislation that I am co-leading with several of my colleagues, aimed at strengthening our supply chains to create good-paying jobs for American workers, keep us competitive with China, and—to put it simply—help us make more stuff right here at home. Now and throughout my entire time in Congress, I have been at the forefront of the work to invest in domestic manufacturing and American innovation – because there's nothing we can't make, right here in Pennsylvania's 7th district.
