Valley Youth House Unveils Revamped Website for Enhanced User Experience

By Sarah Pammer

Bethlehem – Valley Youth House is thrilled to announce the launch of its newly redesigned website, aimed at providing an improved and user-friendly experience for staff, youth, and the community. The website, accessible at ValleyYouthHouse.org, has undergone a significant transformation with a fresh new look and expanded capabilities.

The website was designed and developed under the leadership of Alexandra Shade, President of First Generation and dedicated member of Valley Youth House's LV Board of Governors and Marketing & Communications Committee, and her talented team.

Key highlights of the revamped website include:

Emergency Exit Button: Prioritizing the safety of the community and clients, a new "exit" button has been added to allow users to quickly and easily exit the website in case of an emergency.

Programs & Services Section: A new section has been introduced, allowing users to filter programs and services by county, facilitating a more seamless search for locations.

Staff and Youth Spotlights: Regular spotlights on staff and youth members have been incorporated to better highlight Valley Youth House's mission, vision, brand, and successes.

Simplified Menu and Navigation: The website now features a simplified menu and navigation structure to remove barriers and enhance accessibility to information about the organization's services.

"We are excited to unveil our new website to the community. The improved features and functionality highlight Valley Youth House's commitment to continuous quality improvement and keeping safety, security, and access to services at the heart of our work," says Emily Conners Henry, Valley Youth House Associate Director of Advancement & Marketing.
