## Jeff Kaboly Photo Exhibit Sponsored by Friends of Minsi Lake

L- Photographer Jeff Kaboly speaks with a guest I was the lucky winner in the silent auction of this 24X36 metal print at his Photo Exhibit

This silent auction metal print received the most bids

The 1500-acre Minsi Lake Greenway includes Minsi Lake Park, Bear Swamp Park and Totts Gap Conservation Area, all of which are managed for public outdoor recreation by Northampton County Parks Department. Friends of Minsi Lake was established in 2017 to work with Northampton County Parks for the betterment of natural and recreational resources at Minsi Lake and throughout the Minsi Lake Greenway.

By Michael Ortoski

UMBT - Wildlife of the Minsi Lake Greenway By Photographer Jeff Kaboly Sponsored by Friends of Minsi Lake Bangor Area High School Performing Arts Theater was held on Sunday, March 12 to a crowd of over 80 people.

Sales of Jeff's photography as well as a silent auction of sixteen of his 24" x 36" metal print wildlife photos helped benefit Friends of Minsi Lake! All but 3 of the 16 metal photos were purchased along with about many of the framed smaller prints.

Before the silent auction everyone convened in the theater to see a slide show of photos of birds and mammals of the Minsi Lake Greenway and some interesting facts about the wildlife.

Kaboly is a professional photographer focusing on sports and wildlife photography for the past 30 years. He is a Lifelong resident of Lehigh Valley, Graduate of East Stroudsburg University with an Environmental Science Degree. Started bird watching as a result of an Ornithology class at ESU. In 2015 left 24 year career in the cement industry and became a full time photographer.

Jeff's business provides photography services to youth sporting leagues in the region. Last year, his company photographed over 10,000 individuals.

He started photographing wildlife shortly after becoming a bird watcher in 1990. "Wildlife photography has become a series hobby" said Kaboly, Jeff spent just 150 days last year photographing birds and other animals, and his work has been published in several US publications.
