

## Pediatric Stars Grand Opening Ceremony

By Rep. Ann Flood

BATH - On Saturday, I had the pleasure of joining the Lehigh Valley Chamber of Commerce for the ribbon-cutting ceremony celebrating the grand opening of Pediatric Stars PPECC located in Bath.

Business founder Erica Contreras envisions Pediatric Stars as a beacon of hope for parents striving to secure a bright future for their special needs children. She named her business Pediatric Stars because, to Erica, every child is a shining star.

Erica is not only a skilled pediatric nurse but also a devoted wife and mother of six. With over a decade of experience working with children with disabilities, including work in an In-Patient Pediatric Unit (PICU) and Neonatal Intensive Care Unit (NICU), her qualifications are impressive.

Her extensive experience and dedication provide parents of special needs children with peace of mind, knowing their children will receive the care they need and deserve. Many parents of special needs children struggle to find reliable care, making it difficult to maintain employment. Pediatric Stars addresses this vital need in our community.

We are fortunate to have Pediatric Stars as a resource, and I was honored to attend the event and present an official citation of recognition to mark this significant occasion. I wish Erica and her team great success and thank them for the incredible support they will provide to families with special needs children in our community.
