letter of support for their application earlier this year.

Palmerton Fire Department also recently received a \$71,000 investment to install an exhaust removal system in department engine bays to reduce exposure to carcinogens. Rep. Wild worked to help deliver this funding as well, writing in support of Palmerton Fire Department's application for this grant.

This exhaust removal system will be part of the PFD CARE (Carcinogen Awareness and Reduction to Exposure) initiative taking measures to reduce carcinogen exposure and reduce the risk of cancer in firefighters. Hazardous vehicle exhaust emissions are a health risk for firefighters, and a new exhaust removal system will capture these hazardous particulates – a key step in protecting firefighters' health.

Congrats, Scholarship Winners!

By Sate Rep. ann Flood

UMBT M&M Vineyards in Bangor hosted a scholarship awards ceremony this past weekend where student employees Abigail Duyssen and Katelyn Morehouse were recognized for their achievements.

My legislative aid, Melanie Whiteleather, presented the two young ladies with a signed House citation on my behalf. I wish them both the best on their future endeavors.
