

# Raising Awareness During Opioid Awareness Month

By Northampton County's Fake Is Real campaign  
NORTHAMPTON COUNTY - September is recognized as Opioid Awareness Month, a time to shine the spotlight on the opioid epidemic and its devastating impact on individuals, families and our community. Keep in mind, September 21st is National Opioid Awareness Day, a crucial time to come together, raise awareness about the dangers of Fentanyl, and take action to combat addiction and save lives in Northampton County.

**Our Commitment**  
Throughout the month of September, Northampton County's Fake Is Real campaign continues to play a crucial role in raising awareness about the dangers of counterfeit pills containing fentanyl.

How does the County do this? By engaging with the community through various strategies, including public service announcements, training programs, and outreach efforts. To kick-off Opioid Awareness Month, Northampton County hosted a NARCAN Drive-Thru! We're happy to share 52 NARCAN kits were distributed on National Overdoses Awareness Day! More highlights and education about the REAL risks of fake pills on our website.

**Get Involved:** Join us in spreading awareness  
Join the fight against fentanyl and make a difference in our community. Together, we can make a difference by spreading awareness, advocating for change, and supporting those affected by fentanyl.
