Nathan Lee Risks Everything with Tour

by Candy Martin

BANGOR- As you read this Nathan Lee is in Philadelphia getting ready to perform. Just another day in another city on Nathan Lee's 40 day 40 city tour. Nathan, a Bangor native was born with music in his blood. His father ran a small recording studio in New Jersey. Nathan played the bars and club scene in the northeast and by his early

20's made the decision to move to Nashville. His No Risk tour kicked off on Tuesday, September 1st, in Knoxville, Tennessee and will end on Saturday, October 10th, in Nashville, Tennessee.

Nathan Lee will make a stop in Bangor at the Broadway Pub on September 22nd.

Come out and check out the show and show your support for Nathan who decided to risk it all and follow his dreams.

Everyday is different there are no definite plans. This is not a reality show although it has all the makings of one. Nathan Lee feels blessed to be able to do what he loves, to play his music. He is truly grateful for this amazing opportunity, for the people he has met along the way and their sto-

ries. Why you might ask? Nathan released a new album this year "Risk Everything" after an artist releases an album the next step is to go out and promote it. With his creative juices following he came up with the concept of the 40 day 40 city tour. Each week until the end of the tour the Blue Valley Times will keep our readers posted on Nathan Lee and his travels. You can follow Nathan Lee and get the day to day updates at 40dayrisk.com or on [Twitter@nathanleemusic.com](https://twitter.com/nathanleemusic.com).

Kevin was inspired by his friend Maddy Ledergerber to make the donation to Locks of Love when he cut his hair. He liked having his hair long, but when he decided to cut it after his role was over, he really wanted to use his hair to help others with cancer.
