

# WM Donations

Continued from page 1

fire trucks and other safety related items that help manage emergency incidents and keep the community safer.

"Safety is a top priority for us at WM and because of this, we believe in advancing the safety of our community. One way we feel we can assist with this is by investing in programs and items needed to keep the community safe." added Landfill Manager Joe Statile.

National Fire Prevention Month is celebrated every October to raise awareness about the importance of fire safety. The month-long event promotes life-saving practices and home fire safety education. This year's theme is "Cooking Safety Starts With You", and promotes information on how to keep you and your family safe in the

kitchen. Residents can reach out to their fire company for more information.

If you'd like to support these volunteer fire companies, visit their website to learn more about making a donation, joining their team or assisting with upcoming fund-raiser events.
