

44th Annual Fall Harvest And Sawmill Show At Jacktown Grove

By Michael Ortoski

JACKTOWN - On Saturday and Sunday Blue Mt. Antique Gas & Steam Engine Assoc. put on their last of four events for 2023, their 'Fall Harvest And Sawmill Show. Under sunny sky with just a little fall chill in the air on Sunday when my wife attended. The sawmill was in full gear cutting raw lumber from trees downed into construction lumber and to be split for fire wood and shingles.

The steam engines were all running to their special sounds while the antique train road people around the grove. Lots of good food, apple dumplings, homemade soups, funnel bake and Ice cream.

One of the highlights are always all the big farm tractors that come to be part of the antique tractor pull. And then there is the garden tractor pull and the kids garden pedal tractor pull.

On Sat, Jan 20, 2024 Blue Mountain Gas and Steam Engine 'Show-Snow Show' will kick off the first show of the year.

FULL TIME EXPERIENCED HELP WANTED

- Operator • Excavator
- Haul Truck • Laborer
