BREAKING NEWS

Pennsylvania receives

**\$207,342,959**

to help residents keep the heat on this winter

CONGRESSWOMAN  
SUSAN WILD

## Rep. Wild Secures Federal Funding to Lower Heating Costs this Winter

By Congresswoman Susan Wild

Yesterday, I was thrilled to announce that Pennsylvania has been awarded over \$200 million in funding for the Low Income Home Energy Assistance Program (LIHEAP). This investment will help individuals and families with low incomes across the Greater Lehigh Valley pay for their home heating costs this winter, as well as prevent energy shutoffs, weatherize homes to increase energy efficiency, and make energy-related home repairs.

Ensuring proper temperature control during the winter months is critical for the health and safety of our community – especially in homes with older adults, children, and individuals with disabilities. I'm proud to once again bring these federal resources back home to support our community. To learn more about LIHEAP, visit [energyhelp.us](http://energyhelp.us). To see if you are eligible for this support, use the LIHEAP Eligibility Tool or call the hotline at 1-866-674-6327.
