Congratulations to a New Eagle Scout Joshua David Anthony

By State Rep. Ann Flood

Congratulations to Joshua David Anthony of Troop 36 in Roseto on achieving the rank of Eagle Scout, the highest honor in Scouting America! I was proud to present him with a House citation in recognition of his outstanding leadership, service and dedication to his community.

For his Eagle project, Joshua built and installed benches along walking trails and at the WM Environmental Center, leaving a lasting impact for all who use these spaces. His hard work and commitment to service set a great example for others. Best wishes to Joshua as he continues to lead and serve.

Lehigh Valley Economic Outlook 2026

By State Rep. Ann Flood

More than 600 business and community leaders came together for Sizing Up 2026 – The Lehigh Valley Economic Outlook and Community Development Awards at the ArtsQuest Center at SteelStacks in Bethlehem. Keynote speaker Michael Skordeles, head of U.S. economics at Truist, delivered a national economic outlook virtually from Atlanta after the snowstorm prevented him from attending in person.

The program also included local workforce and tax insights, energy updates, and a discussion with Lehigh and Northampton county executives, offering practical takeaways for the year ahead.

Rev. James Greenfield, president of DeSales University, was honored with the 2026 Community Partner Award. In his remarks, he emphasized the value of a quality education and the critical skills that artificial intelligence cannot replicate. My legislative aide, Ann, attended this informative event on my behalf.

Fighting Hunger Through Local Food Recovery

By State Rep. Ann Flood

I'm glad to share that the Community Action Committee of Lehigh Valley has been awarded \$49,932 through Pennsylvania's Food Recovery Infrastructure Grant Program, an investment aimed at reducing food waste and fighting hunger in our communities.

This funding will help support the purchase of equipment needed to safely store, transport, and prepare fresh, recovered food so it can be redistributed to individuals and families who need it most. Programs like this ensure that good food is put to use instead of ending up in landfills, while strengthening the nonprofit organizations that serve our region every day.

The Community Action Committee of Lehigh Valley plays an important role in addressing food insecurity and supporting vulnerable residents. This investment will help expand their capacity to continue that critical work across the Lehigh Valley.
