## PGC Seeks Help for Winter Turkey Survey

By State Rep. Ann Flood

The Pennsylvania Game Commission (PGC) is asking for the public's help finding turkey flocks to trap for ongoing projects. Pennsylvanians are encouraged to report the location of any turkey flocks they see across the state. Information is being collected online here through March 15.

Among other things, visitors to that webpage are asked to provide the date of the sighting, the location and the type of land (public, private or unknown) where birds are seen.

Trapping turkeys during winter is part of the commission's ongoing population monitoring, and it provides information for large-scale turkey studies. Read more here.
