RYAN MACKENZIE

U.S. CONGRESS

This week, we celebrated National Read Across America Day.

By Congressman Ryan Mackenzie

Thank you to everyone at Community Services for Children and Jandl Elementary School for the warm welcome. I was glad to visit and spend time with students and educators as they highlighted the importance of reading and early learning.

As a father of two young children, supporting working families and investing in children's literacy are some of my top priorities in Washington. That's why I helped secure additional resources for programs like Head Start through the appropriations process, and why I'll keep working to ensure families in the Lehigh Valley and the Poconos get the support they deserve.

Calling All Artists

By Congressman Ryan Mackenzie

High school students across the Lehigh Valley and the Poconos are invited to participate in the 2026 Congressional Art Competition, a nationwide program that recognizes and encourages artistic talent in our communities.

Each year, this competition gives students the opportunity to showcase their creativity and have their work recognized on a national stage. The winning piece from our district will be displayed in the U.S. Capitol for one year, where it will be seen by visitors from across the country.

Artwork submissions will be accepted March 23 through March 28 at the Baum School of Art in Allentown. I encourage students, teachers, and families to learn more and consider participating in this great opportunity to highlight the incredible talent in our region.
