PA Capitol Visit with David Gomez-Acuna

By State Rep. Joe Emrick

On Tuesday in the state Capitol, I had the opportunity to meet with Bethlehem Catholic High School junior David Gomez-Acuna.

David has a strong interest in engineering, particularly in the fields of energy, transportation and aerospace. He hopes to pursue a career in aerospace engineering.

He started his day in Harrisburg with a tour of the Capitol. He then attended an Environmental and Natural Resources Protection Committee voting meeting, an Energy Committee informational hearing and was introduced on the floor of the Pennsylvania House of Representatives. After I met with him, David also visited the Pennsylvania State Archives.
