College Students Visit State Capitol

By State Rep. Joe Emrick

I was pleased to welcome to the state Capitol some college students who there to advocate for higher education affordability.

Among them were constituent and Bethlehem Township resident Ashley Monahan, who attends Lafayette College. In the other photo, I'm with several students from my alma mater, Lycoming College.

Data Center Legislation Votes

By State Rep. Joe Emrick

During legislative session this week, I voted for two bills – House Bills 2150 and 2151 – that are focused on protecting our communities from potential negative impacts of data centers.

House Bill 2150 would require data center operators to make annual disclosures to the state detailing the amount of water and electricity their facilities consume. House Bill 2151 seeks to direct the state Local Government Commission to produce model ordinances for municipal officials to employ when planning for potential data center development.
