

Girl Scout Gold Award Presented to Victoria Parks

By State Rep. Ann Flood

Congratulations to Victoria Parks on earning the Girl Scout Gold Award, the highest honor in Girl Scouting!

Victoria, a member of Troop 8420 and the daughter of Joseph and Kris Parks, has demonstrated exceptional leadership, dedication and commitment to service throughout her time in Girl Scouts. For her Gold Award project, she created wooden doghouse donation boxes that were placed at local businesses to collect pet supplies for animals in need, directly supporting area shelters and rescue organizations.

It was my honor to present Victoria with a House citation recognizing this outstanding achievement during a celebration marking her completion of the Bronze, Silver and Gold Awards. Congratulations again to Victoria on this well-earned accomplishment and the meaningful impact she has made in our community.

Building Pathways to Meaningful Careers

By State Rep. Ann Flood

Last Monday, I met with Adrienne Jones, executive director of the Career Institute of Technology (CIT), to discuss the importance of career and technical education and opportunities to strengthen support for students preparing for today's workforce.

We discussed current program needs, potential grant opportunities, and ways to continue expanding access to high-quality technical training for students in our region. Career and technical education plays a critical role in helping students build real-world skills that lead directly to meaningful careers.

I appreciate the work being done at CIT and look forward to continuing the conversation about how we can support students and strengthen workforce development opportunities in our schools. Thank you to Adrienne Jones for taking the time to meet and for her continued leadership at CIT.
