

New Playground Expansion Opens at Weona Park

By Rep. Ann Flood

PEN ARGYL - Pen Argyl Borough celebrated Founders Day with a ribbon cutting at Weona Park marking the opening of the park's new playground expansion. The project represents a significant upgrade to a central community space, enhancing accessibility and creating a more engaging area for children and families to enjoy for years to come.

During the ceremony, I presented a House citation recognizing the completion of the project and the collaboration that made it possible. Residents, local officials and community leaders gathered to mark the occasion and take part in the celebration.

The ribbon cutting was held as part of a broader slate of Founders Day activities, including food, entertainment and family-friendly events throughout the park. Pen Argyl Borough is commended for its continued investment in public spaces that strengthen community life.

Arseniy Topa Receives Women's Club of Pen Argyl Scholarship

By Women's Club of Pen Argyl

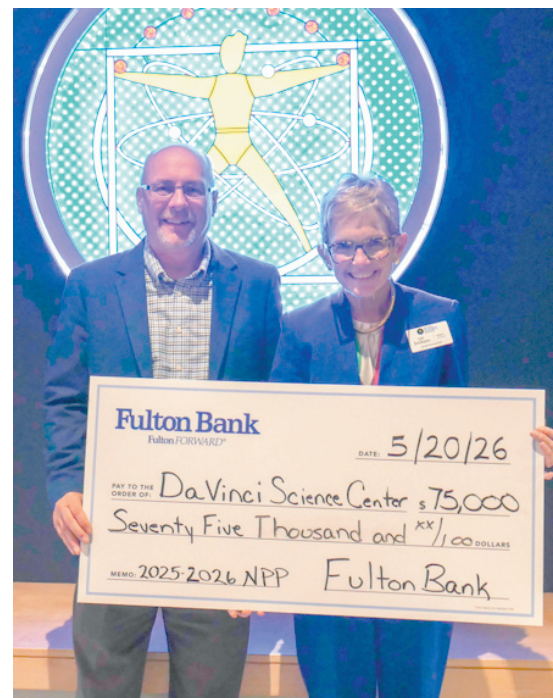

PEN ARGYL - This year's recipient of the 2026 GFWC Women's Club of Pen Argyl \$1,000.00 scholarship was awarded to Arseniy Topa. Arseniy is a Pen Argyl High School graduate. His parents are Stanislav and Wyana Topa.

Arseniy's academic achievements include the national first generation recognition award, first honor roll, National Honor Society, and top ten award. He was a mock trial captain, avid officer, and scholastic scrimmage member. Arseniy was an active volunteer for Families First for three years.

Arseniy will be attending Lehigh University. He will major in mechanical engineering. We wish him every success with this academic endeavor.

How to apply: High school seniors should inquire directly with the Pen Argyl Area High School Guidance Office or visit the Pen Argyl Area High School database.

Da Vinci Science Center's Neighborhood Assistance Program

By Tamara Krizek

ALLENTOWN, PA, June 3, 2026 - Da Vinci Science Center is proud to announce a generous contribution from Fulton Bank in support of the organization's 2025-2026 Neighborhood Assistance Program (NAP). This investment will expand access to high-quality science, technology, engineering, art, and mathematics (STEAM) education for students from under-resourced communities across the Lehigh Valley, equipping the next generation with the skills and experiences needed to succeed

in the region's growing innovation economy.

Fulton Bank's contribution will directly support three key program areas:

Career Pathways Programming: Funds will deliver high-impact Career Pathways programming designed to inspire and prepare students at every stage of their educational journey.

Fab Lab and Mobile Fab Lab Materials: The contribution will fund materials for Da Vinci Science Center's Fab Lab and Mobile Fab Lab, which will support the development of new photonics and optics learning experiences. These cutting-edge learning experiences introduce students to the science of light, data transmission, and photonics-based manufacturing - skills in high demand across the Lehigh Valley's rapidly expanding advanced manufacturing sectors. By integrating these topics into hands-on programming, we prepare students for the careers of tomorrow.
