LIHEAP to Provide Supplemental Payments

By State Rep. Joe Emrick

The Pennsylvania Department of Human Services (DHS) is issuing a \$100 supplemental payment to households that received Low-Income Home Energy Assistance Program (LIHEAP) funds in the 2025-26 season and have at least one family member who is a child 6 years old or younger, is age 60 or older or has a disability.

Supplemental payments are being distributed directly to a household's utility company or home heating fuel provider. Eligible households will receive the benefit automatically and do not need to apply.

LIHEAP is a federally funded program administered by PA DHS. It provides assistance toward a household's heating bill for renters and homeowners. If the household's supplemental payment is issued to an electric vendor, it could be applied to cooling costs.
